LJCC 2040 E 4 TON TWO POST CLEAR FLOOR LIFT (MANUAL DUAL SIDE UNLOCKING)

Model No : LJCC2040E

Pulley equipped with lateral locating plate to keep the wire rope from falling out

Door rubber pad

Extention column

Slider bracket patented designed for easy replacement

Arm Locking mechanism adopt thicker top rod and widetooth block, lift the vehicle more reliably

Art No : LJCC2040 (220V) : 006760 LJCC2040 (380V) : 006753

 125% Unbalance Load Test 125%

Specification

Supporting arms	
2×2 stage Long Arms & 2×2stage Short Arms	
Model	LJCC 2040 E
Capacity	4000kg
Weight	635kg
A. Max. lifting	1900mm
B. Overall height	3780mm
C. Overall width	3400mm
D. Drive through clearance	2480mm
E. Supporting arm length front min.	685mm
F. Supporting arm length front max.	1100mm
G. Supporting arm length rear min.	845mm
H. Supporting arm length rear max.	1330mm
I. Adapter height min.	110mm
J. Adapter height max.	155mm
K. Clear size column spacing	2760mm
L. Switch off level	2700mm
Motor performance	2.2kW
Electrical connection (3 phases)	380V-415V 50-60Hz
Electrical connection (1 phases)	215V-240V 50-60Hz
Lifting time	≤60 sec
Lowering time	20-60 sec
