

LJCC2040 - TWO POST CLEAR FLOOR LIFT (MANUAL UNLOCKING)

DaTo Lift has single release point operation on unlocking mechanism. This lift manufactured with high quality manufacturing standards and added with the advanced features like super symmetric arms, dual-point safety release etc. Dato lift is equipped with the self lubricating polyethylene slider. Electro hydraulic symmetric clear floor lift built in with Automatic locking wedges is used for easy lifting cars, suvs and light trucks

Features

1. Baseless lift allow easy access into the working area.
2. The same Two-stage arms about 140 mm & 110 mm provide symmetric lifting of van and off road vehicles.
3. Arm suitable for quick dropping extensions and other lifting accessories.
4. Automatic arm locking during the lifting and Automatic unlocking on reaching the floor.
5. Dual hydraulic cylinder direct mounting on carriage
6. Self-controlled lowering speed.
7. Rubber door guards protect vehicle for door damage.

Specification

Parameters	LJCC2040
Power Supply	220 / 380V
Motor Power	2.2KW /3HP
Capacity	4 Ton
Lifting Height	1850 mm
Pass Width	2800 mm
Lift Height	3596 mm
Lift Width	3384 mm
Min Lifting Height	115 mm
Drive	Electrical Hydraulic

Manual Power Unit

Dual Side Unlocking Mechanism

Limit Switch

Door Protection Rubber

Arm Locking
