

LJS5035 - MOBILE MIDRISE SCISSOR LIFT

Model No : LJS5035

DaTo MIDRISE LIFTS are designed with high quality steel, sandblasted - heat treated and powder coated robust structure to deliver the best durability and reliable service to our valuable customers. The Self locking mechanism and synchronizing Steel Cables adds to the safety features of the lift.

Features

- Mobile design for tires service.
- Low voltage control (24V).
- With antiknock valve and safety valve to ensure the safety of lift.
- Perform stable and reliable
- This machine no need civil works
- Its portable with wheels on ground Low profile structure for on ground Installation
- Hydraulic-volumetric synchronism of platforms without any torsion bar

Specifications

Capacity	3000kg
Lifting height	960mm
Overall width	1860mm
Overall length	2030mm
Platform width	530mm
Platform length	1450-2030mm
Minimum height	105mm
Lifting time	≤50S
Lowering time	≤60S
Voltage	220V ± 5% 50 Hz
