

## DIGD601 - INJECTOR CLEANER GDI

Model No : DIGD601

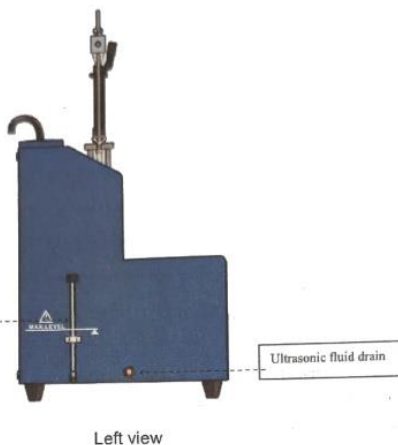

DaTo introduced the injector cleaner machine with GDI, FSI and standard manifold injectors which can be test all the gasoline injector as various testing mode with efficient technology and sophisticated design.

### Features

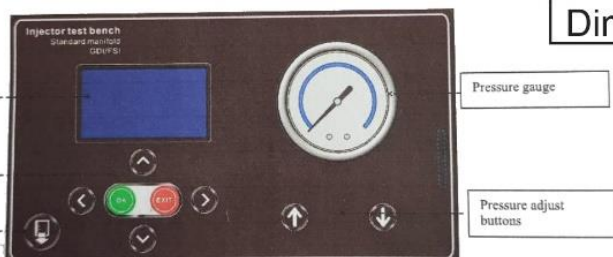

- 19 Modes of Uniformity/spray test for GDI INJECTORS, varying in pulse width, rotation speed and duty cycle.
- Also includes leakage test, fuel flow test, auto cleaning & test, inductance and on vehicle cleaning.
- Can test GDI, FSI and standard manifold injectors.
- Ultrasonic bucket is in built in the system.
- Dual distributors are avail for the injectors.
- Ultrasonic cleaning liquid draining system is avail.

### Specification

Input Voltage	AC 220V, 50/60HZ
Rated Output Power	300W
Total Fluid Capacity	4200ml
Output Current Range	15-40A
Pressure Range	0-10 bar
Testing Injectors	GDI/FSI & Standard Manifolds Injectors
Max No Of Cylinders	8 Cylinders
Ultrasonic Bucket	Inbuild
Net Weight	25 kg
Gross Weight	28 kg
Dimension	670x600x470 mm
