DSA1010 - MULTIPLE FUNCTION OIL COMBUSTION PRESSURE METER

Model No : DSA1010

Multiple-function oil combustion pressure meter has a comprehensive kit of adaptors and fittings for most fuel injection system. It has 3-1/2" gauge with dual scale (psi and bar), reading from 0-140 psi and 0-10bar. Hanging hook and protective bumper especially for gauge. Pressure release valve fitted with long drain hose allows safe recovery of pressure and fuel.

MDATO hydraulic piston for increase power. Ultra-high speed ideal for assembly line. Sets rivets up to 1/4" (6.35mm) steel and 4.8mm stainless steel in diameter up to 2,320 lbs. (1050kgs) of pull for tough jobs. Easy operation in any position with one hand. Front exhaust

Size	3.5 inch
Connection Type	Manual
Package	Color Box
Package Size	730*355*158 mm

Air Intel (PT)	1/4"
Air Hose (ID)	3/8"
Air Pressure	6-7Kg/cm ³
Avg. Air Consumption	0.03cfm/ 0.86l / min
Working Pressure	90Psi 6.3Kg(Bar)
Weight Kgs/Lbs	1.66 / 3.65
